

Pinery Outdoor Education Program

AT PINERY PARK

"Nature Exploration"

A first hand exploration of Pinery. Let us personalize a full or half day itinerary for your class.

Oak Savanna Expedition: Explore this rare mosaic of deciduous forest and prairie grassland. (K-12)

Pinery Habitat Investigation: A hands on assessment of Pinery's varied habitats. (K-12)

Time Capsules of Pinery: The wonderful world of wetlands. (K-12)

Resource Management of the Ages: A look at how management practices shaped Pinery's ecosystems past and present. (6-12)

Dynamic by Nature: Witness the resilience of sand dunes in the face of constant change. (6-12)

Great Lakes: Take a trip through time to experience Lake Huron's power and it's Shipwrecks. (K-8)

Pinery on Pause: Explore the world of Pinery as plants and animals prepare for winter. (Program only available in Fall and Winter) (K-6)

Spring Into Pinery: Observe the transformation after a long winter. (Program only available during Spring) (K-6)

AT THE SCHOOL

"Naturalist in the Classroom"

An interactive program involving hands-on props, multimedia, critical thinking, and active learning.

Species on the Brink: A look into the lives of species at risk. (K-12)

Resource Management of the Ages: A look at how management practices shaped Pinery's ecosystems past and present. (6-12)

Fur and Scales: Investigate differences between the six major animal groupings or choose your favourite to focus on. (K-6)

Nocturnal Hunters: Uncover Owls and their amazing adaptations. (K-5)

BY VIDEO CONFERENCE

"Nature - gone - digital"

An interactive program delivered straight to your classroom featuring an expert interpreter and many props.

Pinery Pledge: As a class, pledge to reduce your footprint, reflect on your Pinery visit, or continue exploring! A certificate will be sent to your class. (K-12)

Fur and Scales: Investigate differences between the six major animal groupings or choose your favourite to focus on. (K-6)

Species on the Brink: A look into the lives of species at risk. (K-12)

Nocturnal Hunters: Uncover Owls and their amazing adaptations. (K-5)
