

Future Naturalist Program Level Three Questionnaire

This questionnaire is to be completed while walking the **Bittersweet Trail** and handed in at the Visitor Centre. All answers may be found in the trail guide.

1) What are three signs we should look for to tell us if a mammal has been in the area?

2) Name four characteristics of mammals.

3) How many mammal species are there in Ontario, and Pinery?

4) Why do some mammals become active only at night?

5) What adaptation does the Long tailed Weasel go through to keep it safe in all seasons?

6) Why are coyotes so successful? What does it consist of?

7) What does the raccoon's Latin name mean? And why is the name so well suited for the raccoon?

8) What can campers do to become "raccoon ready" and why do we need to do this?

9) How many types of bats are there in Pinery, and what are their names?

10) Name four adaptations that the beaver possesses so it can be perfectly suited for aquatic life.
